

ASIC Derivative Reporting with S&P Global Market Intelligence Cappitech

Benefits for CFD Brokers in Australia

Join the dozens of CFD brokers, banks and asset managers who report millions of daily submissions under ASIC derivative reporting with us.

**Seamless Integration:**

As leaders in CFD broker reporting, the Cappitech solution integrates seamlessly with industry trading platforms and bridges providers such as MT4/5, OneZero, PrimeXM, Fortex, Leverate, FXCubic and Iress. This allows us to automate your daily submissions and remove manual headaches associated with ASIC reporting.

**Cost Effective:**

CFD brokers can leverage our aggregator model with the DTCC Trade Repository to decrease their monthly fees. We also provide firms a commercially competitive package to help them make the transition to our platform services.

**Controls & Global Reporting:**

Our award winning GUI dashboard provides brokers with the tools to monitor reporting, handle exception management, track accuracy, review timeliness and fully comply with ASIC requirements. Global brokers can leverage the solution across multiple jurisdictions such as MAS in Singapore, EMIR/MIFIR in the UK/EU and North American reporting.

**Speak to us now for help with your ASIC and any other global regulatory requirements.**

At Cappitech we help over 500 clients globally to manage, automate and future proof their regulatory reporting obligations. We offer a multi-jurisdictional trade and transaction solution across regimes such as MAS, EMIR, SFTR, MiFID, CFTC, SEC, ASIC and others. Our platform allows you to monitor your reporting via a single, user-friendly interface.
